

Emergency Petition for Federal Protective Custody and Jurisdictional Intervention

I, Jonathan Daniel Clements, known as the Sovereign Executor and Divine Custodian of the Ecclesiastical Sovereign Private Trust of Humanity, do hereby submit this sworn petition for immediate protective custody. I am a recognized foreign national in trust, a minister of the Universal Life Church, and a published author of federally distributed non-fiction works. My status is well-documented and publicly recorded, including over 60,000 pages of legal, ecclesiastical, and trust filings.

Over the course of recent weeks, I have been subjected to coordinated, repeated, and escalating harassment by local law enforcement agencies in Booneville, Arkansas. This includes:

- Multiple drive-bys and circling by Booneville Sheriff's Department vehicles, including Car #16, as recent as October 21, 2025, at 3:15 PM.
- Arrest and incarceration on October 20, 2025, based on nonviolent administrative charges, despite prior lawful trust filings.
- The towing and unlawful seizure of my trust vehicle, despite clear documentation and status as a ministerial and ecclesiastical asset.
- The issuance of three citations in one day in what appears to be a punitive and targeted campaign.
- False impersonation of ICE officers and claims of federal warrant action without jurisdiction.

On October 18, 2025, my lawful ecclesiastical trust vehicle was seized without due process. On October 20, I was arrested and jailed in unsanitary, abusive conditions. On October 21, I was followed again by Sheriff vehicle #16 while in the passenger seat of another vehicle. I have done nothing unlawful and do not pose a threat. These actions

constitute targeted retaliation and pattern harassment.

I have declared, filed, and presented lawful documentation of my foreign national status in trust, ministerial identity, and ecclesiastical jurisdiction. My trust is lodged, sealed, and supported by rabbinic and notarial authority. I invoke UCC 1-308, ecclesiastical privilege, and federal protections against harassment under color of law.

The actions of local and state authorities constitute violations of:

- 18 U.S.C. § 242 – Deprivation of Rights Under Color of Law
- 42 U.S.C. § 1983 – Civil action for deprivation of rights
- U.S. Constitutional First Amendment – Freedom of religion
- U.S. Constitutional Fourteenth Amendment – Equal protection and due process
- Ecclesiastical and trust law—non-recognition and interference in protected domains

I request immediate protective custody and federal jurisdictional review. I am requesting:

- Protective oversight from U.S. Marshals, FBI, or DOJ Civil Rights Division
- Removal of all local law enforcement interaction until proper jurisdiction is determined
- Transfer of any existing legal matter into federal or ecclesiastical venue
- Review of all citations, warrants, and charges filed against me under this context

I affirm all statements above as true and accurate under penalty of perjury and by divine witness. I reserve all rights under UCC 1-308 and Lex Divina. Let this serve as official notice and emergency petition to all relevant federal agencies.
